We, along with EL*C, TGEU, and OII Europe, are working to prepare a short submission to The Parliamentary Assembly of the Council of Europe on the specific needs and struggles of LGBTI women in sports, and are looking for your inputs to this submission by 31 January.

The Parliamentary Assembly of the Council of Europe has been drawing attention to gender-based violence and discrimination for many years. The Assembly is now working on a report titled "[The fight for a level playing field – ending discrimination against women in the world of sport](#)", which will result in a resolution to be adopted by the Assembly in 2021.

We are working to prepare a short submission on the **specific needs and struggles of LGBTI women in sports**, and are looking for inputs to this submission

Inputs can be:

- focused at the local, regional, or national level, or presenting a full Council of Europe perspective
- focused on LGBTI women as a whole or on specific groups within the LGBTI communities

The format for submissions is informal, and can include individual testimonies, statistical data, or descriptions of situations and practices affecting these communities.

Inputs are due by 31 January 2021.

The questions on your email address and inclusion of reference to you or your organisation in the survey are mandatory; all other questions may be skipped if you choose.
