Gathering for D/deaf and disabled LGBTI activists and LGBTI and disability rights activists

Apply now to participate in the Gathering for D/deaf and disabled LGBTI activists and LGBTI and disability rights activists in Europe and Central Asia.

D/deaf and disabled LGBTI people face specific barriers and challenges when accessing human rights. Accessibility and inclusiveness have more and more been part of LGBTI groups and organizations’ conversations and practices. Yet most D/deaf and disabled LGBTI people continue to be marginalized in LGBTI movements across Europe and Central Asia. Many D/deaf and disabled LGBTI people have strongly advocated for spaces and agendas within LGBTI or disability rights movements that are more inclusive of them and of their experiences. Some have started their own groups or organized events to better cater to their community and its needs.

As part of our work on movement building and intersectionality, ILGA-Europe is inviting you to apply to participate in the Gathering for D/deaf and disabled LGBTI activists in Europe and Central Asia, to be held on 21 – 24 November 2019 in Brussels.

This meeting will be a space for D/deaf and disabled LGBTI activists and LGBTI and disability rights activists in the region to take stock of the various forms of D/deaf and disabled LGBTI activism. It aims to provide a space for activists to jointly think about possible ways forward when it comes to movement building.

For the time-being we still are struggling with limited resources, but we are committed to make the best use of them to ensure that this meeting is fully accessible to those who will participate. This meeting also plays an important part of our own learning.

At this event, you will:

- Meet other D/deaf and disabled LGBTI activists and LGBTI and disability rights activists in Europe and Central Asia, who are active at grassroots, regional, national or international levels;
- Share your experiences working as a D/deaf and disabled LGBTI activist or LGBTI and disability rights activist;
- Understand more of the contexts the other participants work in, including key issues and strategies that activists use;
- Exchange and pull together knowledge, tools and practices to support and strengthen D/deaf and disabled LGBTI people, communities and movements;
- Map existing gaps, needs and resources within the D/deaf and disabled LGBTI movements with regard to movement building;
- Participate in a joint thinking process regarding potential avenues for movement building at the regional level.

The meeting will be held in English.
ILGA-Europe will cover travel, meals and accommodation costs for the duration of the meeting (from the evening of 21 November, to the morning of 24 November).

ILGA-Europe will provide support in the best possible way and work to meet accessibility requirements within the scope of our capacity and resources.

Such language was used by the group of experts gathered under that project and is informed by their experiences and extensive activism across Europe. We decided to refer to this language for this event. However, as stated in the publication “it is important to note the variety of terms that are used by D/deaf and disabled people to describe
their experiences and to acknowledge that there is not always agreement on the language used*. We hope that this will not discourage potential applicants. Do reach out in case you have questions or doubts.
