The European Elections are approaching at a fast pace, and our campaign activities are picking up speed!

In February, ILGA-Europe launched the [ComeOut campaign](#) with the [No Hate Appeal](#) completing the campaign package. More than 100 candidates from 15 countries have already pledged to Come Out for human rights and LGBTI equality.

Now we are announcing **the European elections series of webinars** providing tools, inspirations and good practices to support LGBTI organisations' work around elections.

On 5 April, ILGA-Europe will kick off the series with **an interactive webinar** on campaigning, agenda setting and alliance building for LGBTI activists focused on EU elections. We will look into the experience of activists around Europe and discuss strategies for reaching out to candidates, building alliances and for putting LGBTI rights on the agenda!

You will hear from activists from [KPH](#) (Poland), [ILGA Portugal](#) and [COC Netherlands](#)

The webinar will take place on Friday 5 April 2019 from 11.00 to 12.30 CEST (Central European Summer Time).
