Partnerships for LGBTI equality

Over the past few years, ILGA-Europe have been pleased to partner with an increasing number of companies, large and small, leading the way in support for LGBTI equality, including Google, Revolut, Crocs and Vogue Eyewear. For our partners and supporters, it’s not only about mobilising vital funding, but also about raising awareness and LGBTI acceptance. To find out more about how we work in partnership with the private sector, download our guide now!
