

Strategic Framework 2024-2029

[Report, ILGA-Europe](#)

This Strategic Framework re-affirms our commitment and mandate to work with and for the LGBTI movement in all its diversity. It examines and expands on the roles ILGA-Europe will play over the next five years, where the organisation has a unique value to add and where we're uniquely placed to play those roles.

While building on the previous Framework (2019-2023), it expands on our growing understanding of the ecosystem and strategies, and more clearly defines what we hope to achieve under each pathway: empowered and inclusive LGBTI communities, strong and growing LGBTI movements, and laws and policies recognising and protecting LGBTI people's human rights. It also puts much more focus on working, as a movement, towards deeply-rooted social acceptance and inclusion, and towards fair, just and equal societies and economies.
